EDUCATION

Technical University of Darmstadt, Darmstadt, Germany Oct 2021 - Apr 2025
Master of Science (M.Sc.) in Computer Science Overall Grade: 1.16 (best possible 1.0)
With distinction: Graduated in the top 10% of the cohort
Focus areas: Data Science, Machine Learning, Innovation Management
Master's thesis: Is this chart lying to me? Automating the detection of misleading visualizations (Grade: 1.0; in cooperation with KU Leuven, Belgium)

University of British Columbia, Vancouver, Canada Jan 2023 - Apr 2023
Exchange semester Grade: A+ (best possible A+)
Scholarship: Exchange funded by a DAAD scholarship

DHBW Mannheim, Mannheim, Germany Oct 2016 - Sep 2019
Bachelor of Science (B.Sc.) in Business Informatics Overall Grade: 1.6 (best possible 1.0)
Dual study program: In cooperation with the healthcare company Fresenius SE
Focus: Software Engineering
Bachelor's thesis: Selection, development, and testing of an automated approach for reactive defense against internal network attacks in a global corporate network, evaluated using the WannaCry ransomware case study (Grade: 1.4)

PROFESSIONAL EXPERIENCE

SAP SE St. Leon-Rot, Germany
Software Developer January 2020 - present
Associate Software Developer Oct 2019 - Dec 2020
Part-time (FTE 0.4) during M.Sc., Oct 2021 - Apr 2025

- **AI knowledge transfer:** Initiated and host a weekly AI competency workshop series on the use of AI in software development, including regular self-presented topics. Created and communicated end-to-end guidelines for AI-driven development processes across the team.
- **Full-stack development** (backend focus) in an 8-person agile team for the SAP SuccessFactors Time Off module; software used by over 6,000 enterprise customers worldwide.
- **Performance optimization:** Took on the “Performance Contact” role to analyze and resolve performance bottlenecks across the Time Off module.
- **Production reliability:** Independent development of software patches for critical customer issues; on-call duties and triage coordination with first-level support.

Fresenius SE Bad Homburg, Germany
Dual Study Program – Practical Phases Aug 2016 - Aug 2019

- **IT Security (Nov 2018 - Aug 2019):** Automated security incident detection and response processes based on BSI and NIST guidelines using Splunk and Splunk SOAR. Conducted IT security relevance workshops for executives across departments.
- **Mobile Software Development & Project Management (Jan 2017 - Aug 2018):** Requirements analysis, technical conception, and implementation of mobile applications, including a SAP Fiori service request app and a native Android application. Coordination of project management tasks in an international SAP ERP project.

PUBLICATIONS

- Jonathan Tonglet*, Jan Zimny*, Tinne Tuytelaars, Iryna Gurevych (2025): *Is this chart lying to me? Automating the detection of misleading visualizations*. ACL 2026, San Diego (to appear). [arXiv:2508.21675](https://arxiv.org/abs/2508.21675)
(* equal contribution)
Contribution: Development of the annotation schema for Misviz (2,604 real visualizations); construction of Misviz-synth (57,665 synthetic visualizations); fine-tuning of classifiers and generative models.

EXTRACURRICULAR ACTIVITIES

- **German Alpine Club (DAV)**, Darmstadt – *Active member* (since Jul 2018).
- **Alpine touring**: Independent organization and leadership of multi-day hut tours in the Alps with groups of friends (since Jul 2018).
- **Erasmus Student Network (ESN)**, Darmstadt – *Active member* (since Oct 2024): Organization of events for local and international students.
- **Youth and Trainee Representation**, Fresenius SE – *Full member* (Oct 2016 - Sep 2019): Representation of trainees and dual students across three Fresenius locations.

SKILLS

- **AI/ML**: Python, PyTorch, HuggingFace, LangChain, ChromaDB, Pandas, Accelerate, Slurm, model fine-tuning, supervised/unsupervised learning, visual question answering, agentic AI, MCP server development, A2A Protocol
- **Software development**: Java, Java Spring Framework, SQL, Git, SAPUI5, SAP CAP, Docker, Kafka, Linux, POSIX utilities, Apache Spark (academic)
- **Tooling & platforms**: SAP BTP, SAP SuccessFactors, Splunk, Splunk SOAR, Jira
- **Soft skills**: Intercultural communication, knowledge transfer & mentoring, cross-functional collaboration
- **Languages**: German (native), English (C2), Polish (B2), French (B1)
